

MHVS Roster Explained

Misty Highlands offers a first of its kind unique annual usage roster.

There are consecutive 4-night weekend and 3-night midweek modules. A further adaptation allows members to either start their weekend on Thursday or Friday and then depart either on Monday or Tuesday. So,

- Thursday check-in to Monday check-out or
- Friday check-in and Tuesday check-out.

The weekend will consist of 4 nights (Friday, Saturday and Sunday nights guaranteed), and for the 4th night, either Thursday night or Monday night may be added.

The midweek will consist of 3 nights (Tuesday and Wednesday nights guaranteed), and for the 3rd night, Monday night or Thursday night may be added.

The roster has some additional firsts:

- It allows members to own a portion of the peak weeks;
- The whole of December is peak, which ensures that flexi owners' expectations, who buy hoping to get early December, are made clear.
- There are 14 fixed or peak weeks, each individually priced into midweeks and weekends.
- We have also added some "fixed" high demand times such as:
 1. private school first and third term mid-term breaks,
 2. club champs and
 3. festivals.
- Another first is that we have include fixed peak weeks for the 3 term private schools in:
 1. April (1 week) and
 2. August (2 weeks).
- Another adaptation we made for Dullstroom is that members can choose between:
 1. flexi "winter" times or
 2. non-winter flexi times.
